Your help needed!

In an effort to help prevent excessive time on duty during flip trips, we are asking you to record information each time you have a flip trip. Please note the following to help us collect the information we need:

- Time and date on duty for deadhead
- Train symbol
- Time actually boarded train
- Time arrived at destination

If you did not make it to your train's destination, then please also include:

- Time (if known) cab was ordered to pick you up
- Time crew was ordered to relieve you
- Time you actually were relieved from your train

With your help, we can stop the excessive hours being spent on these trips. Please send your information via email to one of the following:

Gregg Vogel, locoman404@gmail.com

Kevin Schnell, kjschnell@hotmail.com

Joey Swallow, joeswallow@comcast.net

Thank You,
